

64-307/2014/FTTH/

Dated 5/03/2015

Sub: Request from all interested vendors for WiFi ONTs interoperability testing with BSNL installed GPON/GEPON OLTs- reg

1. It is intimated that for proliferation of FTTH services recently BSNL allowed customers to purchase an ONT from the market and use the same for the provisioning of BSNL's FTTH BB services subject to interoperability of their ONT with BSNL OLT.
2. In view of this it is to invite interested vendors of WiFi ONTs to submit their application to carry out interoperability testing on BSNL installed GPON/GEPON OLTs with their WiFi ONTs. The interoperability test shall be conducted with subject to following non-exhaustive conditions :-
 - a) Vendors will bear all the cost of equipment /solution including the subscriber instruments/ terminals, customization, interaction, pre-shipment, installation, commissioning and meeting expenses on its manpower required for testing without obligation on part of BSNL.
 - b) The equipment/solution set up for this testing may be permitted on purely non -exclusive, non commercial and experimental basis for testing purpose only with no liability or cost to BSNL of whatsoever nature at any stage of testing thereafter.
 - c) The offer should not confer any right or privilege upon any vendors or its associate/ partner/ sister concerns to claim any superiority of their product or for award of any order / any agreement either by BSNL of any other organization.
3. If interested, kindly submit your offers /the proposal in the O/o GM(NWP-BB) , 2nd Floor , BSNL CO , Janpath , New Delhi by 31.03.2015 . For queries please contact DM(FTTH-II), O/o GM(NWP-BB), Ph :011-23311865, email: ftthbsnlco@gmail.com , fax no :011-23734284.
